

NEWSLETTER - JANUARY 2010

Happy New Year everyone sorry it is a little late. We would like to welcome back all the children after the Xmas break.

May we thank everyone for getting in to nursery in the bad weather, especially the staff. We are very proud to say that the nursery stayed open all through the snow.

To find out if the nursery is open local radio, Heart FM have information on which organisations are closed. Staff will contact the station if the nursery is to close due to bad weather and then it will be put out on air.

There has been a suggestion of a phone tree to aid in informing parents. This would cut down on the amount of people phoning the nursery so as to help the staff. We would like to find out views on this idea.

Thank you all for your wonderful support with the Xmas raffle. The final total was £120 raised. A tunnel for the children to play in has been purchased with the proceeds.

As before the accounts are not very healthy so extra fundraising is still needed. All suggestions and help will be welcomed by the committee.

We will be holding a Wine & Wisdom Quiz Night in late February. Finlay's Parents run the pub in Three Oaks and have kindly offered to allow us to hold it there. Date is still being finalised.

It would be great fun for the children and also a great way to raise funds if we held another Easter Egg hunt. Any suggestions of a venue?

We still have places available and feel that the nursery may need to advertise and increase its profile. We at present have longstanding ads in the local free paper but feel more is needed. We were hoping parents would be prepared to assist with putting up some posters advertising the nursery. Maria has offered to get some more printed, so any help you can give would be appreciated. The nursery as you know is non profit making and has run for approx 30 years lets hope we can continue in the future. But we do need local community and parents support.

New members for the committee are always welcome and are desperately needed. Also help with fundraising ideas would be appreciated.

Could we remind parents if their child is sick or not attending nursery for some reason that they please ring the nursery after 9am to inform the staff. This would really help them to organise the sessions. Please ensure children are sent with named Wellingtons and appropriate clothing to protect them when outside.
